## Picture Book Tracker

For each picture book your child reads, simply initial and date one of the squares. Initial and date a square for each book your child listens to as well! Each book read or listened to counts as 1000 words. When the tracker is filled in, return it to the library and have these words added to your child's word count! This tracker is for picture books only. If you need to record chapter books, please pick up a Million Words Log. Please list your favorite titles on the back of this form to make the log more powerful

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
